

2025 PNC TOUR de LOU SAG GUIDE

PNC

WELCOME

First and foremost, thank you for your participation and commitment. Your involvement in the SAG Program plays a vital role in supporting the overall success of the event and offers a unique opportunity to witness firsthand the dedication and spirit of the riders who make it all possible.

SAG teams are responsible for patrolling designated sections of the course, offering essential support to participants throughout their journey. Whether it's assisting with a flat tire, supplying water between Rest Stops, or responding to incidents with medical aid and scene safety, your efforts are crucial to ensuring a smooth, safe, and successful event experience for everyone involved.

62.1-Mile Ride Starts

8:15 AM

35-Mile Ride Starts

8:30 AM

20-Mile Ride Starts

9:30 AM

Post Ride Party Begins

Expected First Rider

3:50 PM

Expected Last Rider

4:00 PM

Route + Venue Closes

JOB OVERVIEW

SUPPORTING RIDERS

Be friendly, respectful, and courteous. Show gratitude to everyone you encounter. Your friendly attitude and enthusiasm may encourage someone to become a volunteer or participate again.

- The riders will be of varying levels of skill.
- Watch the riders closely, particularly as the day heats up and the miles add up.
- Make sure to pay particular attention to the last group of riders.
- If you do pick up a tired rider, offer them something to eat or drink from your cooler.
- All riders who are picked up should be logged in and transported to the next Rest Stop.
- At the Rest Stop, riders will be assisted by the medical or mechanical team as needed.

OUT ON COURSE

- All riders have a Rider Hotline # wristband on. As calls come in, SAG teams will receive directions to proceed to a particular location to assist riders. This process will continue throughout the day as the footprint of riders expands.
- It is sometimes helpful to drive up ahead and wait at a safe visible spot where riders can easily stop for water or other SAG support or pass.

MEDICAL

Each SAG vehicle and Rest Stop will have first aid supplies and Metro EMS will be roaming the route. They are available for minor injuries. If an emergency, always call 9-1-1.

JOB OVERVIEW

DRIVING AND COMMUNICATION GUIDELINES

- Keep lights and flashers on at all times.
- Please do NOT block traffic – only local law enforcement can do this. If you notice a dangerous intersection, call the Rider Hotline immediately.
- When passing convenience stores, gas stations and Rest Stops on the route, look for riders that may have stopped and need assistance.
- As the ride progresses, please keep a safe distance when checking on groups of riders. A safe distance is generally 30 yards.
- Make sure you are available at designated Rest Stops and ask if anyone needs a ride back.
- Some riders will want a ride to the finish line. Depending on the time of day and location on the route, you may be instructed to take the rider to the next Rest Stop for a different SAG to get them.
- Riders will likely not want to be seen driving to the finish line. Therefore, SAG drivers should ask the participant if they can drop them off a short distance from the finish so they can ride across the finish line like everyone else.
- Have fun!!!
- Keep windows down if possible – wave and cheer on the riders often. Ring your CowBell!

WHAT TO WEAR

- All volunteers will receive a t-shirt.
- Dress in layers to anticipate weather conditions, as mornings may be cold and the afternoons warm.
- You must wear closed-toe shoes. No sandals allowed.
- Rain jackets and regular jackets or coats are encouraged.
- Hat and sunglasses
- Rain poncho or equivalent

VEHICLE OVERVIEW

PREPARATION

- Your SAG vehicle will be prepped and ready for you Ride morning.
- Please take a moment and look around, move supplies as needed to make yourself comfortable.

PICKUP + RETURN

- Saturday, April 19
- Pickup: Starting at 6:30 AM
 - Location: Base of the Belvedere ramp

PLEASE BRING FOR THE RIDE

- Cell Phone
- Car Charger for Cell Phone
- Feel free to add any necessary communication equipment

RIDER RESOURCES

There will be Rest Stops with food, water and bike services as well as restrooms located every 15-20 miles. There will be Support and Gear vehicles (SAG) and mechanical support on the course to assist riders in need.

At intersections, **PLEASE USE EXTREME CAUTION**. There will be law enforcement assisting at particular locations, but they will not be at every turn. It is your responsibility to look both ways and use best judgment when making a turn.

Rider Hotline

Out on the course and need assistance? It could be for reasons such as mechanical, non-emergency medical, or help with directions. Call our rider hotline and we will get a support vehicle to your location ASAP! That number is **502-572-3858** and it is also on your wristband so you always have it on you while riding.

Ride With GPS

Cue sheets and route navigation on your device are available. We use Ride With GPS to host the event maps. If you have either the app or an account, please click on the following link - [RWGPS LINK](#). A limited number of printed cue sheets will be available. If you prefer to have them.

Please note all routes are subject to change per local law enforcement. Always follow the course signage.

GPX Files

Riders should download the event GPX files and ensure they are ready to go on their device for ride day.

To download for your device, scroll down to the Ride With GPS map for your desired distance and select it. Then click the orange button at the top of the map that says "Send to Device."

COURSE RESOURCES

COURSE SIGNAGE

The course will be fully marked with signage for each distance. Be on the lookout for oversized signs with special instructions at route deviation points.

REST STOPS

A rest stop is an area along the course where the riders can stop, rest, consume calories/hydrate, use the restroom, get bike mechanical support, and if necessary, get minor medical care. The rest stops are typically on the right side and located roughly 10-15 miles apart from one another.

**THANK YOU for
VOLUNTEERING**
